

## *EVERSYDE ON THE PARK*

*Condominium Corporation Number 0512392*

### Garage Door Cladding scheduled starting August 12, 2019

As garage door installation continues, please be advised that the cladding around the new garage doors is starting next week.

The aluminum woodgrain style cladding will cover the existing wood frame around the garage doors, thus eliminating the need to paint the trim. The weather stripping will be reinstalled once the cladding work has been complete.

Residents will not be impacted as the installation process does not require the door to be open.

If any questions or concerns, please contact  
C-Era Property Management at [nmendoza@cerapm.com](mailto:nmendoza@cerapm.com).
