IMPORTANT NOTICE

Regarding: Wildlife Reminder

We are very lucky to share our city with a variety of urban wildlife.

We actually had a bobcat visit our complex on Saturday evening, (April 13th), so this is just a quick reminder to everyone with small pets to stay alert and keep an eye on the little ones.

Be sure to clean up after your pets both inside and outside of your yard. Dog poop is an attractant to magpies, coyotes and other critters. Pet feces can also be a breeding ground for parasites.

If we are all responsible pet owners and respectful in our interactions with wildlife, we are creating a safer community.

Thank you
